## **New Executive Board member for R+V Re at R+V Versicherung AG: Holger Nieswandt succeeds Christoph Lamby**

The Supervisory Board of R+V Versicherung AG, the parent company of R+V Group, has appointed Holger Nieswandt (50) as a member of the Management Board, responsible for R+V Re with effect of April 2025. Nieswandt is currently Head of Research & Development at R+V Re. He succeeds Christoph Lamby (61), who is retiring after more than 20 years on the board.

"I am very pleased that Holger Nieswandt, an expert from our own company, will succeed Christoph Lamby. This puts us in an excellent position to seamlessly continue the successful course of our reinsurance business," says Cornelius Riese, Chairman of the Supervisory Board of R+V Versicherung AG.

Norbert Rollinger, the CEO of R+V Versicherung AG adds "I would like to express my sincere thanks to Christoph, who has built up our reinsurance business very successfully over the past 20 years. And I wish Holger all the best in his new function!"

Christoph Lamby points out: "After more than 20 years at the helm of R+V Re and on the Management Board of R+V Versicherung AG, it is time to pass on the baton. My thanks go to all business partners and all employees of our company. Together, we have succeeded in developing R+V Re into an important and successful player in the global reinsurance market. In Holger we have found an experienced leader with a profound knowledge of the industry. I am confident that he and our team will continue to build on the success of our company."

Christoph Lamby joined R+V Versicherung AG in 2002 and was appointed to the Board of Management in 2004 with responsibility for R+V Re. Under his leadership, the premium income increased from less than €0.5 billion to more than €3 billion. Dr. Lamby, who holds a PhD in economics, began his career with the Gerling Group.

Holger Nieswandt, who also holds a PhD in economics, joined R+V Versicherung AG in 2011. After various positions he became head of R+V Re's Research & Development in 2020, with responsibility for retro and portfolio management.
